SUBMISSION GUIDELINES FOR SENIOR HONORS THESIS ABSTRACT

What is it?

A Senior Honors Thesis Abstract is a scientific abstract written by students enrolled in BISP196: Senior Honors Thesis Program. The scientific abstract should briefly go over the background, results, and conclusions of the research project.

Requirements

1. The maximum length of your abstract is 150 words. The title, author(s), affiliations, etc. are not included in this word count.
2. Include an appropriate title.
3. Include your name, college, major(s) and minor(s) below the title.

For example:

Saltman Quarterly, Roger Revelle College, Human Biology major, Global Health minor

4. Include your PI's name, degree(s), research institution, and department (if applicable). Research institutions can include, but are not limited to: Division of Biological Sciences, UCSD School of Medicine, Scripps Institute of Oceanography, and Salk Institute.

For example:

PI: John Smith, M.D., Ph.D., UCSD School of Medicine, Department of Pediatrics

5. Once your PI has approved your abstract, have your PI email your abstract (in the body of the email) to sq@biomail.ucsd.edu. By having your PI email Saltman Quarterly, it ensures that your PI has looked at and approved your abstract's publication both in an online and a print format.

In the body of your email, include the following sentence:

I, *(name of PI)*, have reviewed *(name of student)*'s abstract and approve this for submission in the annual Saltman Quarterly Research Journal.

6. After your abstract is submitted, Saltman Quarterly will contact you about scheduling a photography session if you would like to see your picture next to your abstract.
